About Our Company

Ivy Herbals: Unleashing The Power of Ayurveda

The company was established in 2003 and is located on Dehradun Road in Saharanpur, Uttar Pradesh, India. The company is certified by ISO, HACCP, and GMP, which means that it adheres to the highest standards of quality and safety in its manufacturing processes.

We apply Ayurveda's authentic heritage at Ivy herbals with the ultimate purpose of supporting an "Ayurveda Sa Swasth Hai Swasth Se Sundartha" for all living beings, irrespective of age. At Ivy Herbals, we believe that nature can heal and nourish, and we are committed to bringing the best of Ayurveda to our customers.

Our Principles

Vision

Our concept encompasses the integrity of the ivy plant, which symbolises growth as it continues to produce vines until it approaches the sunlight. We strive to achieve the pinnacle of success by making Ayurveda accessible to everyone. Much like ivy represents eternity, the major agenda we pursue is ongoing evolution for enhancing our products and services to win over our customers and dwell in their hearts for eternity.

Quality Policy

Quality is paramount at Ivy Herbals. Our unique Ayurvedic ingredient blend offers you a gentle way to remain healthy. We provide a wide selection of conventional well-being products handled and manufactured hygienically, utilizing the highest quality raw ingredients. Our objective is to deliver you the finest of nature via our finest natural and caring products, free of toxins and hazardous chemicals.

Resources

Ivy Herbals is managed by a well-organized group of knowledgeable individuals that work together with the primary goal of providing the highest quality products at the most reasonable pricing while maintaining a well-drafted infrastructure. Our knowledgeable team includes research scientists, veterinary consultants, cooperative staff, and innovative and accessible administration. Our facilities cover a large area, and our production operation is fully compliant with GMP norms.

Contract Manufacturing

Research & Development

The Science Behind Our Products

Ivy Herbals is dedicated to delivering its customers the best quality ayurvedic and herbal products. The company strongly focuses on research and development (R&D) to ensure that its products are safe, effective, and meet the highest standards.

We invest heavily in our R&D activities, including ongoing clinical trials, to test our products efficacy and identify potential side effects. In addition to traditional Ayurvedic herbs, Ivy Herbals is also exploring new and emerging natural ingredients from around the world to add to its product line.

Expert Team, Cutting-Edge Research

Our R&D team at Ivy Herbals is comprised of experienced and highly trained professionals with expertise in researching active ingredients in medicinal herbs. They work tirelessly to create new and innovative products based on traditional Ayurvedic principles while ensuring that the latest scientific research backs them.

The R&D team works closely with suppliers to source the highest quality raw materials and ensure they are sustainably harvested and ethically sourced. Ivy Herbals is committed to providing its customers with safe, effective, and natural products.

Unlock your journey for your cattle to a healthy liver with Livoter, a powerful tonic and hepatic stimulant designed to support your animal's overall health and well-being. This specially formulated blend contains natural ingredients that improve liver function, promote growth, and enhance productivity.

Product Glimpse

FAQs

What is 3rd Party Manufacturing or Contract Manufacturing or Private labelling?

Third-party manufacturing or Contract Manufacturing or Private Labelling refers to outsourcing a product's production to a separate company rather than producing it in-house. In this arrangement, the company that owns the brand provides the design and specifications for the product, while the third-party manufacturer handles the production process.

Why choose Ivy Herbals as your Private Label Manufacturer?

Ivy Herbals is a leading manufacturer of high-quality Ayurvedic and Herbal Products from the last 25 years, offering a wide range of products and flexible private labelling options. By choosing Ivy Herbals as your private label manufacturer, you can benefit from as follows

- Extensive experience in the Ayurvedic and Herbal Products industry
- High-quality raw materials and strict quality control measures

How to view our catalogue?

Ivy Herbals provides a wide range of products in the health care medicines, personal care, food supplements, and feed supplements industries; for more information, please visit our website or view our brochure. To choose the right product category, consider your target market's specific needs and health concerns, and consult with the Ivy Herbals team for guidance and recommendations.

How to ask for a Quotation?

To request a quotation from Ivy Herbals, you can contact us directly through email "info@ivyherbals.com" or phone "+91-8865098678". When asking for a quotation, specify the quantity you need, the desired product specifications, and any private labelling requirements you have. This information will help us provide an accurate and detailed quote.

Get In Touch

We're happy to answer any questions and assist you in finding the best products for your needs. Don't hesitate to reach out to us. We're here to help you achieve optimal health and wellness with Ivy Herbals.
